

First Photo Essay

Timeline (1914 – 1938)

Due:

Based on the lesson that was given regarding photo essays, you are going to compose one for the above mentioned timeline. This essay will cover what you feel are the important events, accomplishments, and contributions of Canadians to Canadian history of this time period. The way to break this down is as follows:

Canada in WW 1

Canada in the 1920's

Canada in the 1930's

Passing assignments will have a minimum of 3 photos per heading listed above with complete paragraphs (as taught in class), including an introductory paragraph of ½ a page and a concluding paragraph of ½ page. You also have to support your claims regarding why the events, accomplishments, and people you chose were important to our history. Doing so requires you to research and then include the thoughts/views of others to support what you think. There will be a lesson regarding how to do this and there are aids on the library web site to help you as well.

This assignment will assess your thinking and communication skills, be graded out of 80 and marked with the attached marking scheme that you must submit with your final copy on the due date. There will be some time in class to work on this but it is also homework (you do homework in applied courses because the applied stream prepares you for College and/or Trade School and there is home work at both of those places). **Remember that should you have questions at any time please make sure you ask them.**
