Order of Canada Presentation

For this assignment you are going to prepare and present to the class for a min of 3 minutes and a maximum of 5 minutes, a case for who you think should receive the Order of Canada. Your presentation will include a brief collection of photos of your chosen Canadian showing who they are and what they accomplished. This assignment will be marked out of 40, assess your knowledge and understanding, communication, and application skills, and graded using the following rubric which must be submitted to me on the day of your presentation.

Below is the criteria for being awarded the Order of Canada:

All living Canadians are eligible for the Order of Canada, with the exception of federal and provincial politicians and judges while in office. Non-Canadians can be considered for "honorary" appointments if they have made a sustained and exceptional contribution to Canada. Members of the Royal Family can hold "extraordinary" appointments. There are no posthumous (for dead people) appointments.

As you can see, the field is wide open for you to choose from. But you must make sure you pay attention to the criteria of this award. People who win this award make sustained (lasting) and exceptional contributions to Canada. Clearly this can include all fields such as engineering, medicine, sports, entertainment, art, literature, academics, etc.... For this assignment you can choose any Canadian from 1930 onward. I realize they might be dead by this time, but that’s ok for this project. There will be time in class for this but it is also homework so please don’t rely on just the in class work time to complete this.
