

Second Photo Essay

Timeline (1950 – 1970)

Due:

You are now to complete another photo essay for another chunk of the course. It is also a good idea to refer to the first photo essay you did so that you can repeat the same successes as the first and not make the same mistakes. You will cover the exact same areas as the first photo essay, feel free to have a look at the first photo essay assignment sheet to refresh your memory if you need to. The way to break this down is as follows:

Canada in 50's

Canada in the 60's

Canada in the 70's

Passing assignments will have a minimum of 3 photos per heading listed above with complete paragraphs (as taught in class), including an introductory paragraph of ½ a page and a concluding paragraph of ½ page. All writing will be typed and double spaced and you must reference where your information to support the importance of the events, accomplishments, and people you chose came from as we have discussed in class. Remember that you have to cover all aspects of Canadian history, so don't just do music and the hippy movement or disco when covering the 60's and 70's.

This assignment will assess your thinking and communication skills, be graded out of 80 and marked with the attached marking scheme that you must submit with your final copy on the due date. There will be some time in class to work on this but it is also homework (you do homework in applied courses because the applied stream prepares you for College and/or Trade School and there is home work at both of those places). **Remember that should you have questions at any time please make sure you ask them.**
