Black and Asian History in Canada Post WW2

Using the tech at your disposal and working with two more people, research and answer the following questions. Share your info with your partners (work collaboratively) and be prepared to discuss what you learned in class and possibly on our 2nd test. Remember, its not enough to just drop names of events and people, you must be able to explain why they important to our history.

Examine the history of Black and Asian Canadians from 1950 - 1990. Traditionally (at the turn of the century) where did they tend to settle when they immigrated to Canada? Did this change after WW2? Why did they immigrate to Canada? Had the barriers to immigration changed at all? Discuss some of the significant contributions they have made to Canada in this time period and identify notable individuals and what they have does for these Canadians. How has Canada changed in the late 20th/early 21st Centuries to provide more equality of opportunity for these groups?
